EOS RP

Product concept	Lightweight, entry to EOS R system
Target market	Full-frame upgraders
Effective pixels (approx. MP)	26.2 Megapixel full-frame ISO up to 40,000
In-camera Image Stabilizer	No, electronic and lens IS only
Subject detection	Face, Eye
Low light AF	Sensitive to -5 EV [1]
Continuous shooting speed (fps)	5 fps fixed AF4 fps with Servo AF
Movies	4K movie at 25 fps 4K time-lapse mode Full HD movies at 60 fps Video snapshot 120Mbps
Control dials	Main Dial Quick Control Dial
Touchscreen Vari-Angle LCD	7.5 cm / 3 inch 1.04M dot LCD
Electronic viewfinder	0.39-type 2.36-million dot OLED 22mm eyepoint / 0.7x magnification
Wi-Fi	Wi-Fi and Bluetooth™
Body weight (Including battery and memory card)	485g
Card slots	1x UHS-II SD
Battery life	LP-E17 250 shots (CIPA standard) USB charging via PD-E1

EXPLORE EVERY POSSIBILITY

Photographers and filmmakers can explore a wealth of new creative shooting possibilities with the Canon EOS R System Cameras. Innovative RF lenses ensure super-fast focusing and outstanding optical quality and help to maximise the IBIS of the EOS R5 & R6 Cameras. The EOS R adapters provide seamless access to existing EF and EF-S lenses with no loss in performance.

RF 15-35mm F2.8L IS USM

Ultra-wide and super sharp thanks to L-series optical quality and 5-stop image stabilisation for dynamic angles even in tight spaces

RF 24-70mm F2.8L IS USM

Give your full frame mirrorless photography the professional edge with a 24-70mm zoom boasting a fast aperture and 5-stops of image stabilisation.

RF 24-105mm F4-7.1 IS STM

The ideal everyday lens for full frame mirrorless enthusiasts. Easy to use, the RF 24-105mm F4-7.1 IS STM is light, compact and ready to take your photography to the next level.

RF 24-105mm F4L IS USM

Lightweight and versatile 24-105mm f/4 L-series zoom with fast, silent autofocus and 5-stops of image stabilisation.

RF 24-240mm F4-6.3 IS USM

A versatile 10x zoom for the EOS R system, offering huge flexibility in a single portable lens.

RF 28-70mm F2L USM

Super-fast and bright 28-70mm f/2 L-series lens gives stunning results even in low light.

RF 35mm F1.8 MACRO IS STM

A fast-aperture 35mm f/1.8 macro lens for wide-angle perspective, close focusing and Hybrid IS.

RF 50mm F1.2L USM

50mm f/1.2 prime lens for supreme sharpness, plus remarkable low-light performance.

RF 70-200mm F2.8L IS USM

An essential lens in the professional trio of zooms, the RF 70-200mm F2.8L IS USM is the perfect companion for news, sport and travel.

RF 85mm F2 Macro IS STM

The RF 85mm F2 Macro IS STM offers close-up versatility with subtle telephoto compression and 5-stop image stabilisation in a compact, lightweight body.

RF 85mm F1.2L USM

The RF 85mm F1.2L USM offers uncompromising sharpness for portraits along with superb low-light performance and creative potential.

RF 85mm F1.2L USM DS

The RF 85mm F1.2L USM DS delivers uncompromising sharpness along with the ultimate smooth bokeh for exceptional portraits to showcase your creative potential.

RF 100-500mm F4.5-7.1L IS USM

The new RF 100-500mm F4.5-7.1L IS USM lens features new optical technology and improved Image Stabilisation and is set to be a favourite among wildlife and action photographers.

RF 600mm F11 IS STM

A revolutionary super telephoto lens that is compact and lightweight, ideal for wildlife, travel safari or trainspotting photographers.

RF 800mm F11 IS STM

A compact, lightweight and powerful super telephoto lens aimed primarily at the wildlife enthusiast looking for the ultimate reach.

EXTENDER RF 1.4x

Add extra length to your lenses by fitting the EXTENDER RF 1.4x extender.

EXTENDER RF 2x

Add extra length to your lenses by fitting the EXTENDER RF 2x extender.
