Dual 4K HDMI Adapter for M1 MacBook®

The Dual 4K HDMI Adapter lets you connect to 2 HDMI displays, 1 at 4K 60 Hz through HDMI and DP Alt-mode and 1 at 4K 30 Hz through HDMI and Silicon Motion's InstantView technology. Enjoy quickly charging devices with our USB-C 100 W PD charging port. And, it's fully compatible with MacBook Air® / Pro® (M1 & Intel® powered) devices, Windows® PC devices as well as Chromebook™ devices.

Connect 2 Displays at 4K Video - Give your M1 MacBook®, PC or Chromebook™ the ability to connect to 2 extended monitors with crystal clear 4K HDMI video.

Fast & Easy Setup - In just a few seconds, connect the adapter to your device via USB and you'll immediately see the HyperDisplay APP icon on your desktop. Just double-click it, and you're ready to go.

Quickly Charge Devices - Enjoy powering up your M1 MacBook® in a flash with 100 W of pass-through charging with our USB-C 100 W PD charging port.

Durable & Functional Design - Our beautiful, milled Aluminium housing perfectly accents the space grey design of an M1 MacBook® while ensuring advanced heat dissipation to avoid overheating.
