Lightdrop™ Charging Case

AX3-CHRCSE

The improved Lightdrop™ Charging Case has arrived and it can charge 8 fixtures at once. It has improved charging ability, a compartment for storing a controller, or some accessories and cables, and it even has a dual-fan cooling system for charging in warmer climes.

The case has an in-built power supply to enable quick and effective charging. It is a solid, durable, and hard-wearing case with a foldable handle and resilient clip locks.

Technical Specification

Holds:	8
Input:	120-240VAC 50/60Hz
Output:	8 x 5VDC 2.5A
IP Rating:	IP65
Material (Exterior):	ABS
Weight (Empty):	5.6kg 12.4lbs
Weight (Full):	11.0kg 24.2lbs
Dimensions:	520mm x 400mm x 140mm 20.4" x 15.7" x 5.5"
